

Cos'è la CAA?

La CAA (Comunicazione Aumentativa Alternativa) è uno strumento di aiuto per tutte quelle persone che hanno bisogni comunicativi complessi, dando loro la possibilità di comprendere e comunicare con maggiore semplicità.

La Comunicazione Aumentativa Alternativa è un approccio che si propone di offrire una modalità alternativa a chi è escluso dalla comunicazione verbale e orale o presenta deficit cognitivi, più o meno severi, oppure semplicemente non sa ancora leggere bene o non conosce la lingua italiana.

Si tratta quindi di un approccio linguistico che vive in simbiosi con quello visivo, permettendo una comprensione semplice e più intuitiva di terminologie e concetti complessi.

La CAA offre numerose potenzialità, ma è ancora poco diffusa nel nostro paese.

Vi consigliamo di utilizzare la CAA in quelle classi dove ci sono bambini in difficoltà con con necessità specifiche di apprendimento.

La stampa di questo materiale può essere di beneficio anche ai più piccoli o a chi ancora non comprende a piano la nostra lingua.

Quando leggete questo materiale è importante scandire bene le parole, procedere non troppo velocemente nella lettura ed indicare le parole man mano che le si leggo, in modo che i bambini imparino ad associare immagine = suono = concetto.

LIBERI

DAL

MALE.

AMEN
!

Gesù ci dice che i Comandamenti sono molto importanti.

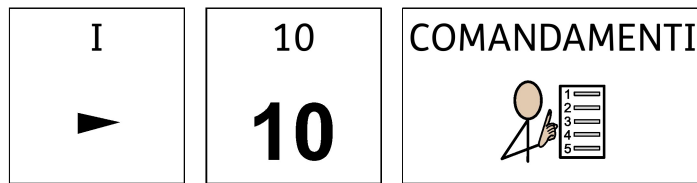

Gesù ci da 2 regole nuove!

Queste regole riassumono i 10 Comandamenti:

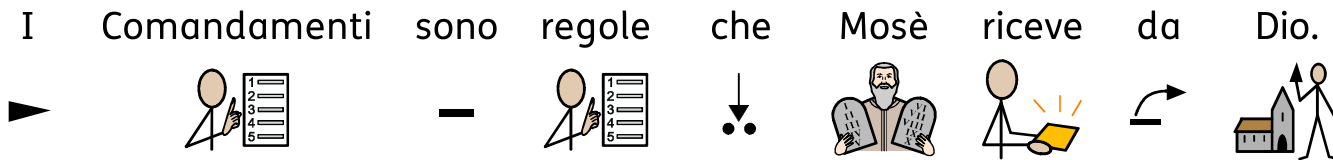

1 Ama Dio con tutto il tuo cuore e con tutta

la tua mente.

2 Ama le altre persone come te stesso.

> COSA SONO?

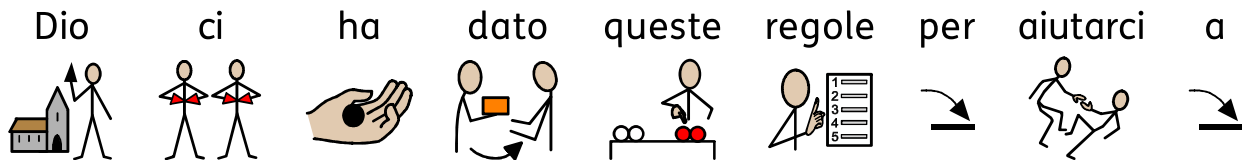

> QUANTI SONO?

Sono 10 regole.

> PERCHÉ DEVO SEGUIRE QUESTE REGOLE?

comportarci bene con Lui e le persone.
